lar availability of hank yarn at reasonable rates. A number of steps have been taken by the Government in this regard, like the Hank Yarn Obligation Schema, operation of yarn depot scheme by the "NKDC, exemption of hank yarn from duty, provision of share capital assistance to Weaver's Cooperative Spinning Mills, etc. In addition, Government has directed its own mills under the control of NTC to step up production of hank yarn and the fulfilment of hank yarn obligation is being monitored closely. Sizeable funds have been allocated for augmenting the total availability of hank yam in the country by providing share capital assistance to Cooperative spinning mills.

Government of India has an open mind on this issue and is willing to consider on merit proposals from State Governments formulated for better distribution of hank yarn to handloom weavers.

Government is committed to the policy it has enunciated under the Hank Yarn Obligation Scheme and stringent steps to monitor implementation of hank yam obligation both by the private sector as well as State/Cooperative sector mills are envisaged including involvement of the district authorities in monitoring distribution of the Hank Yarn to the weavers.
